#### **The giveaway:**

We're giving away Peaceable Kingdom's cooperative board game Count Your Chickens. This game for little players (ages 3 and older) isn't competitive, so kids can focus on playing and not winning.

*The baby chicks have flown the coop! All players work together to help Mother Hen collect her chicks and bring them back to the coop. To start, players place the 40 baby chicks all around the board. Mother Hen is on start. The object of the game is to get all 40 baby chicks back inside the coop before Mother Hen gets to the last space on the board. Players spin and move Mother Hen, counting the number of spaces she travels. But watch out for the fox! If the spinner lands on the fox a baby chick is removed from the coop. Players take turns, but work together – players count aloud together, collect the number chicks together and, if they collect them all, players win together!*
