

Peaceable Kingdom Cooperative Board Games Review and Giveaway

Welcome to the kingdom—Peaceable Kingdom! Where dinosaurs roam and a mermaid princess swims, where a child can host a fairy tea party or sail the open seas on a pirate ship. A place of imagination and exploration and fun! Since 1983, Peaceable Kingdom has created fresh, fun products for kids that educate, inspire and tickle funny bones. Connect with the kids in your life with Peaceable Kingdom.

My girls are best friends & worst enemies. Everything HAS to be fair. But as we all know, **LIFE IS NOT FAIR**—and that means a lot of arguing & a lot of melt downs for us (not me....my girls). Playing games is a little risky because there is only ONE winner. That is not good and it's very frustrating for everyone! But now we have the Mermaid Island [Cooperative Board Game](#) and finally life is fair (at least until the game is over).

What is a cooperative game?

It's a game where everyone plays together, no one is left out, and everyone has fun! Unlike a traditional game where there is one winner and one (or many) losers, in a cooperative game the players work as a team against a common obstacle, not against each other. Cooperative games emphasize play, not competition. Kids learn to work and play together in respectful and compassionate ways. They learn to share, make decisions together, and trust one another. Cooperative games encourage inclusion and build confidence. Most importantly, the kids play because it's fun!

I love having a game that will help my girls play together nicely. The object of the **Mermaid Island** board game is to get the three mermaids to Mermaid Island before the sea witch gets there. The players don't move only one single mermaid, they get to play any of the tokens which means there is no arguing over who gets the pink mermaid!!! This game is simple enough for my 4 year old, and my 6 year old thinks it is a lot of fun! I enjoy playing as well, because I don't have to constantly console the 'losing' player!! It's just a **fun game** for all of us where we work together & everyone is a winner!

Learning Skills with the Mermaid Island Cooperative board game include:

- **Strategy**
- **Shared decision making**
- **Social and emotional development**
- **Following directions**
- **Cooperation**

A **cooperative game** eliminates stress, builds self-esteem, and teaches kids that playing together can be fun! Kids learn to work together, they share in the game play, and they practice cooperation. Help your kids learn at an early age how easy it is to cooperate! There are several [Peaceable Kingdom games](#) that will keep your kids **entertained and happy!!**

Things that are BRAG WORTHY:

- **5 games to choose from, Encourages sharing, Can be played by 2-6 players, No reading required, Plays in 15-20 minutes, Great for [Family Game night](#)**

Win it!

I would get the Hoot Owl Hoot game. The game sounds so much fun with moving the little owl pieces and easy enough for my son to understand!

I would probably choose Lost Puppies because my kiddos can't read yet and there is no reading involved.

All of the games look awesome, I love the Cooperative part. My 4 year old granddaughter will not lose a game, if she does screaming ensues. I think I like the Lost Puppies best, along with the fact that the team is working together to win, winning is actually saving the puppies and who doesn't love the idea of saving puppies!

Well I really liked the Lost Puppies, but I decided to leave this one up to my niece, who loved both Lost Puppies and Mermaid Island, and in the end chose Mermaid Island.

What I really love about it is that it says everyone plays together instead of against each other, my niece is in a "I want to win" phase, so I think this would be a great game for her to work together instead of just winning.
